CONNECT

Who we are?

We are the Team of Developers and Co-founders of "Suhba" Company (from Arabic language "Suhba" translated as community) united together to create the unified Muslim platform to promote a positive changes in the World of Islam.

Together we created "Suhba" project the World Social Network for Muslims "Suhba". It is a multigoal platform for the various Internet services interesting for every Muslim.

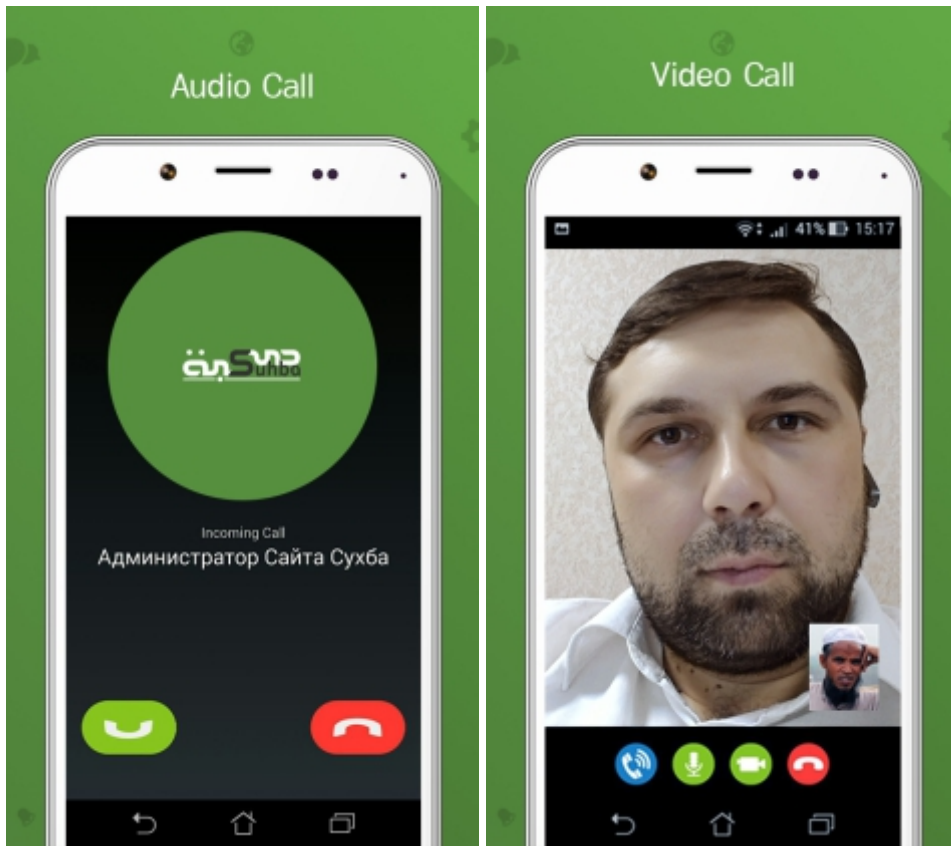

What we did?

On the base of the "Suhba" Social Network we created an application for smartphone - "**Suhba Connect**". This application is made for free communication. "Suhba Connect" uses Internet network of the phone to communicate with friends or family by making calls, sms and video calls Globally.

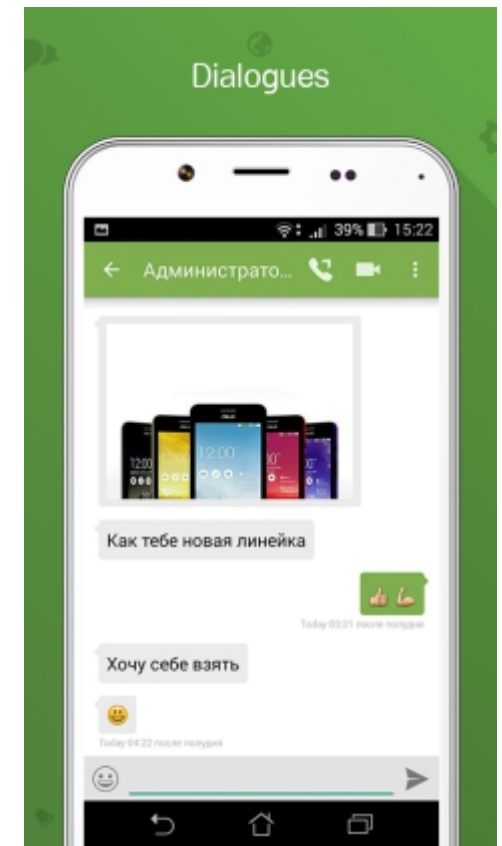

Audio and video calls

High quality calls between users

One-on-One Chat

Have one-on-one conversations directly from the mobile apps

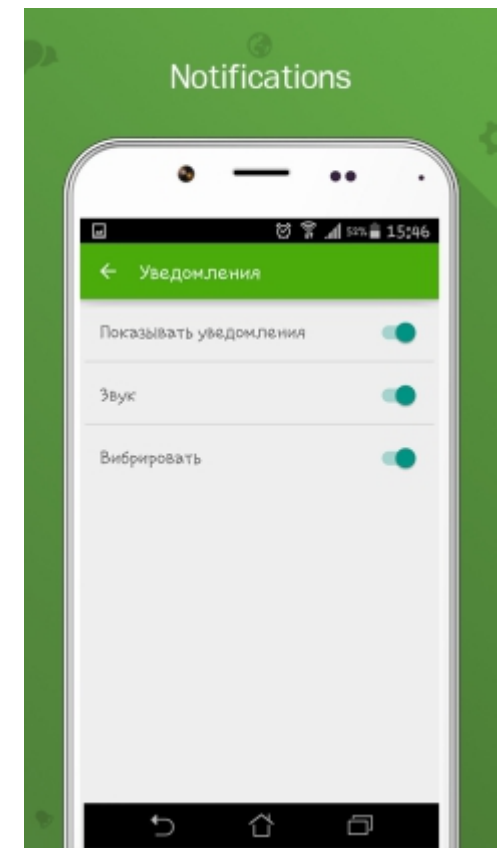

Group chats

You can create a group chat to communicate with unlimited number of people

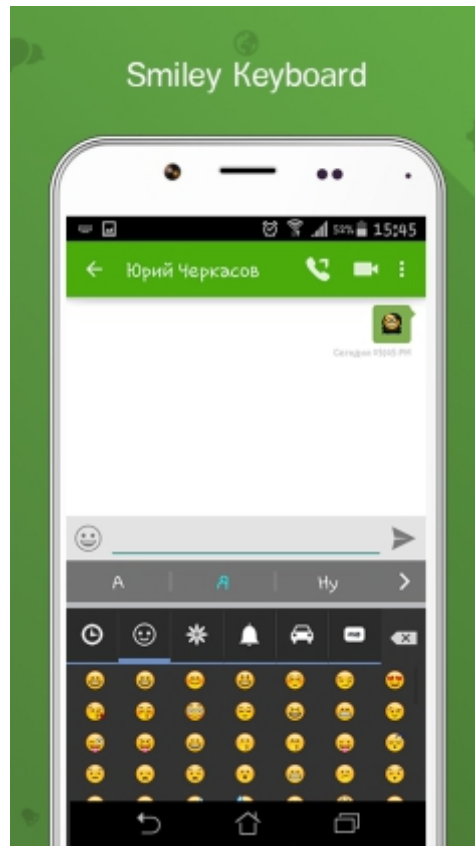

Push Notifications

Get notifications even when "Suhba Connect" is not running

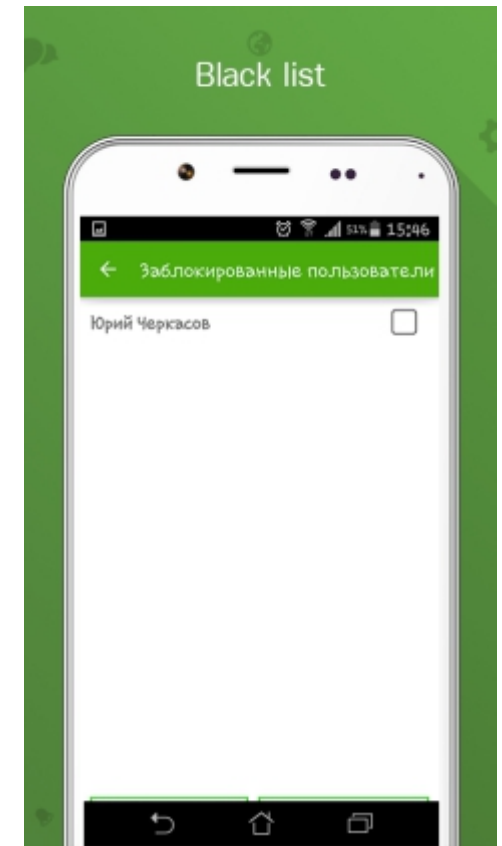

Smiley Keyboard

A new collection of smileys to express yourself better and keep the fun going

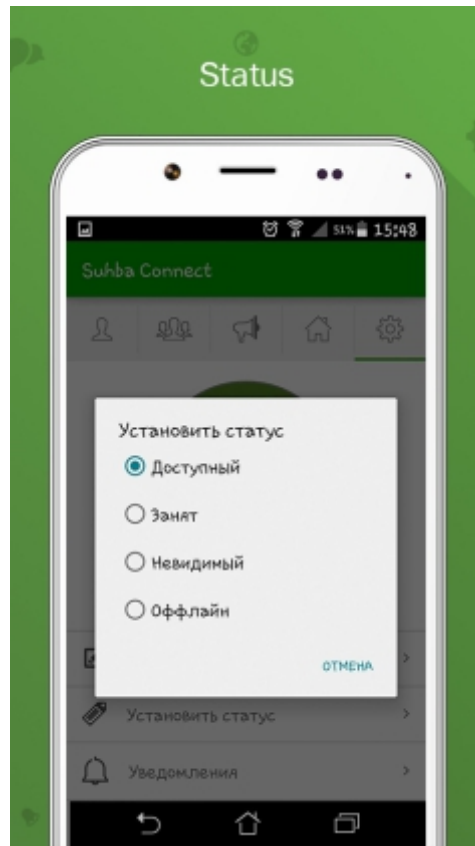

Black list

You can block unwanted contacts by putting them into the black list

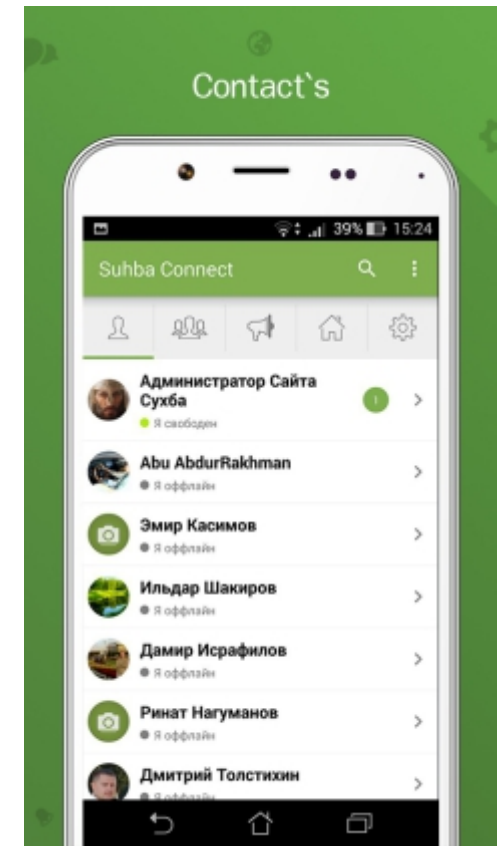

Status

You can change your status - to be available or in stealth mode for your friends

View User Profiles

View the profile and more details of other users directly from the app!

Moderation

Report any inappropriate conversation to the administrator.

Announcements

View announcements and stay up-to-date with the latest happenings

Share Photos

Share photos with other users with a single click.

Share Videos

Share videos with other users with a single click.

Offline Support

Use your app even if you are not connected to internet! You can view friends list as well as your messages.

Performance

Minimal network usage and battery consumption.

Future plans

In 2016 we plan to add the possibility to call
freely up to 60 minutes each day to any cell or landline phone Globally.
